WORK EXPERIENCE

Software Developer

Kosqu Technolab

02/2024 - 04/2025

Mumbai

Emerging, Innovative company deals in RPA, BI tools, Asset Management Systems, Web/Mobile Applications & other IT services

Achievements/Tasks

- Designed and implemented scalable database schemas in **MySQL** and **MSSQL**, ensuring optimized query performance for high-traffic enterprise applications.
- Developed secure RESTful APIs with third-party integrations for data exchange and SSO authentication, and led cross-OS application and database migrations with minimal downtime.
- Built interactive dashboards in **Power BI** to deliver actionable business insights, leveraging advanced SQL queries for data modeling and transformation.
- Automated workflows using **Python** scripting, improving efficiency and reducing manual processing time.
- **Served as team lead** on multiple projects, overseeing development efforts, guiding team members, and collaborating cross-functionally with design, QA, and business teams to deliver on time using MVC architecture and best coding standards.

Web Developer Intern

Nancens Enterprises

07/2022 - 01/2023

Mumbai

Achievements/Tasks

- Developed and optimized responsive UI components using **HTML**, **CSS**, **JavaScript**, and **Liquid** to deliver dynamic, customized eCommerce experiences.
- Customized **Shopify themes** and **dashboards**, integrating client-specific requirements and improving storefront performance.
- Improved website visibility through **SEO** best practices like keyword research, on-page optimization, and link building.

EDUCATION

B.Tech in Information Technology

GH Raisonni Institute of Engineering and Technology, Pune

08/2020 - 06/2023

CGPA - 6.8

Diploma in Computer Engineering

V.E.S Polytechnic, Chembur

06/2017 - 06/2019

Aggregate - 6.2

SKILLS

Full Stack Development

REST APIs
